T10 has voted to approve a SAM-4 project:

"10.1 SAM-4 Project Proposal (04-055) [Weber]

Ralph Weber moved that 04-055r1 be approved as a new project proposal for SAM-4. George Penokie seconded the motion.

Bob Snively requested that the benefits of changing to UML be explained. George Penokie stated that UML will allow the model to be interpreted and understood by a wider audience than just this room. Dave Peterson reminded the committee that there will be a learning curve for UML.

The motion passed on a two-thirds vote of 32:0:0:6=38.

John Lohmeyer took an action item to forward 04-055r1 to INCITS for further processing as a new project proposal for SAM-4."
