** American National Standards are developed by the voluntary participation of all parties and with the intention and expectation that the standards will be suitable for wide application. Since their use is likewise voluntary, an affirmative vote does not commit an organization or group represented on the committee to the use of the American National Standard under consideration. If you find that you cannot vote YES and wish to vote NO,

* Operating under the procedures of The American National Standards Institute.

please state this and explain the reasons for your position in the space provided or on a separate sheet. ABSTENTION votes shall include the reason for not taking a position. Negative and abstention votes cast without reasons shall be counted as non-responses and may place the member in jeopardy for failure to vote.

* Operating under the American National Standards Institute Procedures
