

*We are the  
Leading  
Developer of  
Global and U.S.  
ICT Standards*

*Join Us...*

## Fast Track...

INCITS has a streamlined, effective, and straightforward **fast track** process that allows mature specifications to become American National Standards in just 4 months.

INCITS accepts candidate standards that were developed by **external groups** for adoption as American National Standards

## Join the INCITS Executive Board...

INCITS Executive Board members have a **panoramic view** of the INCITS technical committees, international issues, technical program of work, and final approval of proposed standards and fast track proposals.

INCITS is the U.S. Technical Advisory Group to **ISO/IEC JTC 1**. INCITS Executive Board members have direct entry into the international standards arena and participate as voting members of U.S. delegations.

## VITAL TECHNOLOGY

*Biometrics*  
*Radio Frequency Identification (RFID)*  
*Fibre Channel*  
*Metadata*  
*Geographic Information Systems*  
*ID Cards and Related Devices*  
*MPEG/JPEG*  
*Programming Languages*  
*Real-Time Locating Systems*  
*SCSI Command Sets*  
*Item Authentication*  
*Databases*  
*Security*

INCITS is an **accredited** and impartial resource with a dedicated focus on creating an efficient, productive, and open environment for ICT experts.

## OPTIMUM PROCESS

*Standards development is fair, efficient and legally sound. The INCITS process protects the intellectual property rights of members, prevents antitrust violations, and ensures that every voice counts, with a quick pace to match the market.*

INCITS is the **forum of choice** for developers, producers and users for the creation and maintenance of formal de jure ICT standards.

INCITS welcomes expertise, input and **innovative projects** from developers, vendors, and technology users.

## SKILLED, DIVERSE MEMBERS

*Consulting Groups*  
*Financial Institutions*  
*Government Agencies*  
*Hardware and Software Vendors*  
*Manufacturers*  
*Universities*  
*User Groups*  
*Consortia*  
*Standards Development Organizations*

## INCITS Stats:

Technical Committees	50+
Published Standards	750+
Active Projects	800+
Participants	1500+

**INCITS Mission:** To promote the effective use of Information and Communication Technology through standardization in a way that balances the interests of all stakeholders and increases the global competitiveness of the member organizations.

INCITS and ITI are jointly accredited by, and operate under rules approved by, the American National Standards Institute (ANSI). These rules are designed to ensure that voluntary standards are developed by the consensus of directly and materially affected interests.
