JTC1-SC37 has developed an international biometric data interchange standard. This standard, (ISO/IEC 19794-1, Biometric data interchange format, Part 1: Framework) is at FDIS. The SC37 Document number for this standard is N1314. In anticipation of this being internationally approved, M1.3 is soliciting comments and contributions regarding the US adoption of this standard.

Please send any comments or contributions to the email address above before the close date described above. Comments and contributions received will be considered at the next meeting of INCITS M1.3.
