

## Table of INCITS M1 Ongoing Projects That Require Inclusion of the Common Text (CT) in the Introductory Clause of the Drafts

Last Update: 28 December 2006

This table was extracted from M1/06-859, Meeting Notes of the M1 Ad-Hoc Group on Common Text for Biometric Standards Describing the Concept of Layered Standards (AHGCT) and was updated to reflect all national ongoing projects in M1.2, M1.3 and M1.4 that did not reached Public Review status.

<b>INCITS M1 Projects - INCITS M1.2 - Biometric Technical Interfaces</b>
INCITS 1538-D - INCITS 358-2002 Amendment 1, The BioAPI Specification - Support for Biometric Fusion
Project 1622-D - INCITS 398-200x - Common Biometric Exchange Formats Framework (CBEFF) (Revision of INCITS 398-2005)
Project 1823 – D - Biometric Identity Assurance Services (BIAS)
Project 1829 - D - Biometric Application Programming Interface - Java Interfaces
Project 1832 - D - Tenprint capture using BioAPI
<b>INCITS M1 Projects - INCITS M1.3 - Biometric Data Interchange Formats</b>
Revision of INCITS 378-2004 - Finger Minutiae Format for Data Interchange
Project 1797-D - Keystroke Dynamics Format for Data Interchange
Project 1821-D - Speaker Biometrics Format for Data Interchange
Project 1790-D - Data Interchange Formats for Biometric Fusion - Fusion Information Format
Project 1576-D: Revision to INCITS 379-2004 - Iris Image Format for Data Interchange – added October 2006
Project 1563-D: Revision to INCITS 377-2004 - Finger Pattern Format for Data Interchange – added December 2006
Project 1577-D: Revision to INCITS 381-2004 - Finger Image Format for Data Interchange - added December 2006
<b>INCITS M1 Projects - INCITS M1.4 - Biometric Profiles</b>
Project 1566-M – INCITS 383 – Application profile – Interoperability and Data Interchange – Biometrics-Based Verification and Identification of Transportation Workers
Project 1575 - D - INCITS 420 - Biometric Profile - Interoperability and Data Interchange - Point-of-Sale Biometric-Based Verification and Identification
