Jennifer T. Garner  
JTC 1 TAG Administrator, Information Technology Industry Council  
1250 Eye Street. NW, Suite 200  
Washington DC 20005

Dear Ms. Garner

I write to you in support of **Jonathan Hodgson's** submission of his name for consideration as convener for JTC 1/SC 22/WG17 Programming language Prolog.

In making a three year commitment of support of Dr. Hodgson for a three year term as convener of WG17 I understand that this will require that he travel to report to SC 22 in addition to time spent co-ordinating meetings of WG17.

Sincerely,

William Madges Ph.D.  
Dean College of Arts and Sciences

Washington DC 20005

Dear Ms. Garner

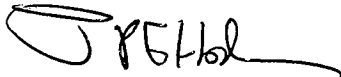

I write in response to the March 15th call for volunteers to submit my name for consideration as convener for JTC 1/SC 22/WG17 Programming language Prolog.

I was a member of the US Tag J17 for sixteen years and was chair of the group up until its dissolution in 2007. In addition I have served as editor for part 2 of ISO/IEC 13211 Programming language Prolog since 1996, and as convener of WG17 since 1999. I believe that this is evidence of the expertise and leadership required of the convener.

Saint Joseph's University is a member in good standing of PL22 , the US Tag associated to WG17. Saint Joseph's is a US domiciled organization.

This letter is accompanied by a statement of management support for this submission.

Sincerely,

Jonathan Hodgson Ph.D.
