Doc: PL22/08-007

Date: 2008-06-18

The U.S. Technical Advisory Group (TAG) to SC 22 is INCITS/PL22.

The U.S. has continued to be active in the following SC 22 activities:

Ada:

- For SC 22/WG 9, the U.S. TAG is administered by the Institute of Electrical and Electronics Engineers (IEEE).
- The U.S. holds the convenership of WG 9.

C:

- For SC 22/WG 14, the U.S. TAG is INCITS/PL22.11.
- The U.S. holds the convenership of WG 14.
- PL22.11 continues to hold co-located meetings with WG 14.

C++:

- For SC 22/WG 21, the U.S. TAG is INCITS/PL22.16.
- The U.S. holds the convenership of WG 21.
- PL22.16 continues to hold co-located meetings with WG 21.

COBOL:

- For SC 22/WG 4, the U.S. TAG is INCITS/PL22.4.
- The U.S. holds the convenership of WG 4.

Fortran:

- For SC 22/WG 5, the U.S. TAG is INCITS/PL22.3.
- PL22.3 continues to work on defect reports, the results of which are submitted to SC 22/WG 5 for consideration for inclusion in future corrigenda.

Internationalization:

- For part of this work, the U.S. TAG is INCITS/L2.

Language Independent Data types:

- For part of SC 22/WG 11's work, the U.S. TAG is INCITS/L8.

POSIX Advisory Group (PAG) and SC 22 Linux Rapporteur Group:

- The U.S. TAG is INCITS/PL22.23.

Prolog:

- For SC 22/WG 17, the U.S. TAG is INCITS/PL22.
- The U.S. holds the convenership of WG 17.

SC 22 OWG – Programming Language Vulnerabilities:

- For SC 22/OWG, the U.S. TAG is INCITS/PL22.
- The U.S. holds the convenership and secretariat of this group.
